Experience the Transformation of Industry
June 6/7, 2019 – Vogel Convention Center VCC, Würzburg

Experience the Transformation of Industry

"**The Future Code**" offers a wealth of exciting topics relating to the digital transformation over 2 days packed with know-how, innovations, inspiration, learning sessions and intensive networking.

The Future Code will enable leading heads in the industry to make the right decisions as part of the digital transformation. We will bring together lots of bright minds, thought leaders and lateral thinkers, strategists and newcomers in the industry

Format:

2-day business event with keynote speeches, best practices, master classes, networking areas, exhibition world & business theme park

Feature topics:

- **Technology experience:** AI, machine learning, IT security, smart data, Blockchain, AR/VR, chat bots, additive manufacturing, automation, robotics etc., IoT and cybersecurity
- **Customer experience:** Digital marketing, lead management, customer centricity, augmented & virtual reality, digital customer communication, social media & influencer marketing, chat bots
- **Culture experience:** New work scenarios, networked worlds, human resources reloaded, talent management, "Human and Machine"
- **Transformation experience:** Digital transformation, change management, business strategies, trends

Target group:

- **Corporate Leaders:** CxOs, leading management and decision makers who strategically drive and steer the transformation process
- **Business modelers:** Digital officers, business developers, in-house consultants and leading market managers and product managers who implement and monitor the transformation process at operational level
- **Leading experts:** Top influencers in the field of digital transformation, industry experts from industrial practice, applied research and science, start-ups
- **Young professionals:** Next-generation leading experts
- **Students:** Next-generation business movers
- **Public institutions:** Decision makers in public administrations, political institutions etc.

Expected attendance:

More than 250 participants from industry and business, particularly from the areas of automotive, electrical engineering, machine construction, IT and chemistry & life sciences.

Good reasons for you to take part

■ *For industry & consulting firms and tech providers:*

- Show off your entire range of digital transformation services: products, solutions, tools, technologies, services, concepts and consultancy
- Demonstrate your competence and performance capability
- Meet decision makers and CxOs
- Broaden your customer portfolio and acquire new leads
- Use the platform for your employer branding and get to know digital young and next professionals in a personal meetup.
- Get to know new start-ups who will be interesting for your digital business development
- Use the platform to engage in new partnerships

■ *For start-ups:*

- Meet potential partners and companies to push your business
- Introduce your new approach and innovations and present your business model

■ *For all:*

- Benefit from a comprehensive communication and marketing campaign all around the event and reach over 40,000 decision makers
