Present Yourself as a Partner at the Conference

Europe's largest specialist congress for programmable electronic components takes place as a virtual event from 06 – 08 July 2021.

An event of brands and partners of  **VOGEL COMMUNICATIONS GROUP**

International Speakers Share FPGA Knowledge

The focus of the congress is on the trend topics Automotive, Artificial Intelligence and Machine Learning. The event provides fundamentals, technological trends and practical knowledge for electronics and device developers in the areas programmable logics and microcontrollers, technical managers, product managers as well as production planning and quality assurance engineers.

Topics of the FPGA Conference Europe 2021

- Modern FPGA architectures
- Vision and sensor fusion solutions for Automotive and Industry 4.0
- Intelligent Edge, low-power inferencing
- High-speed interfaces not only for cloud and high-performance computing
- Adaptive RF platforms for 5G, Open RAN
- Functional Safety and Security with FPGAs
- Future-proof design of modern embedded systems with FPGAs
- Latest FPGA programming techniques, High Level Synthesis
- OSVVM, target-oriented debugging and fast verification of FPGA designs

Target groups

- FPGA Hardware Developers
- FPGA design and verification engineers
- Software developers
- PCB designers

Sponsors 2020
